

BENDING LINE  
STILL HOLDS

Russians Thus Far Able to  
Keep the Germans from  
Breaking Through

BERLIN CLAIMS THAT  
IT IS WAVERING

Defenders of Warsaw Are  
Battling Desperately and  
with Great Bravery

The strength of the outlying defenses of Warsaw appear to have checked for a time at least the impetuosity of the Teutonic drive upon the Polish capital. Driven back upon the fortress of Ivan-god, southeast of the city, the Russian line has still maintained that point so far as the last official reports show, it is wavering along a curving front, extending northwest around the city, Berlin claims, but is not yet broken.

From the fortress of Novogorodsk along the line of the Narw to the north the Russians are battling desperately against the surging German tide. To the southeast the great armies of Field Marshal Von Mackensen are still engaged in a mighty thrust for the strategic Lublin-Chelm railroad line. Both the official and unofficial accounts agree that the fighting here is desperate and that the issue is not yet decided. On nearly all the other fronts the Russians, while fighting hard, are falling back, according to the indications in the statements from the various belligerent capitals. The dispatches from Berlin praise the bravery of the Russian troops and the strong resistance they are showing in the face of lack of sufficient ammunition.

The struggle of the Italians for Gorizia is proceeding but the claims of advance, made in Rome, are denied in Vienna.

There have been but few recent developments of importance along the fronts in France and Belgium.

It is reported in Rome that Turkish-German forces have been landed in Tripoli.

ITALY AND TURKEY  
SHOWING TENSION

Reported Refusal of Turkish Authorities  
to Permit Italians to Leave Otto-  
man Empire Is the Cause.

Rome, Thursday, via Paris, July 23.—Diplomatic relations between Italy and Turkey, already strained, are becoming more tense because of the reported refusal of Turkish authorities to permit Italian subjects to leave the Ottoman empire. It is believed here that there will be a declaration of war by Italy in the near future, probably.

Although Italy is at war with Austria, there has been no declaration of hostilities against either Germany or Turkey. It is believed in diplomatic circles that each side is waiting for the other to take the initiative and thus assume the responsibility for extending the scope of the conflict.

RUSSIANS FAILED  
TO CHECK INVADERS

And Decisive Action Southwest of War-  
saw Is Likely to Take Place Be-  
tween the Vistula and Bug  
Rivers.

Berlin, via London, July 23.—A dispatch from Vienna to the National Zeitung says: "The final attempt of the Russians to stop the advance of their opponents in the critical battle on the new line southwest of the Lublin-Chelm railroad southeast of Warsaw, has ended in failure. Decisive action in this campaign is likely to come in the territory between the Vistula and Bug rivers."

## SMALL SUCCESSES BY ALLIES.

Turkish Raiding Party Exterminated  
Except for One Man.

London, July 23.—The latest report received from General Sir Ian Hamilton, commander-in-chief of the British expeditionary forces at the Dardanelles, recounting the operations up to Wednesday, was given out last night by the official press bureau. It follows:

"Gen. Sir Ian Hamilton reports that in the northern section of operations a raiding party rushed a trench on the front of our line during the night of July 18. All the enemy fled except one who was killed."

"On July 19 an anti-aircraft gun was located and hit with the second round from one of our guns. The fifth round blew it into the air."

"In the southern area some newly captured trenches in the French section but were repulsed with ease."

"In the British section there has been steady progress daily, consolidating and in some cases extending the trenches won on the 12th and 13th."

"Yesterday, the 21st, a small raid was captured with insignificant loss and a successful attack was made on part of a combination trench held by the enemy. A Turkish machine gun opposite our line was knocked out by the French artillery."

"In both sections the enemy's artillery has been active."

## TURKEY AGAINST ITALY.

Begin Active Operations by Landing  
Troops in Tripoli.

Rome, via London, July 23.—The Italian newspapers report from Cairo that

ONE YEAR AGO TO-DAY  
WAR WAS STIRRED UP

Paris, July 23.—One year ago to-day the Austrian ultimatum to Serbia, which led to the war, was delivered. The French press commemorates the anniversary with articles voicing the resolution of France and her allies to carry on the war unswervingly.

A Turkish-German expedition has landed in Tripoli. Its objective Cyrenaica. The newspapers declare that Turkey thus has openly joined the war against Italy and that it is now Italy's business to put an end to "the gang of criminals who are administering Turkey."

## RUSSIANS TAKE PRISONERS.

Report Capture of 1,500 at Village of  
Potouritzje.

Petrograd, via London, July 23.—The following official communication was issued from general headquarters last night:

"In the district of Shavli, the enemy is concentrating on lines west of the Mitan-Shavli road."

"In the Trans-Nimen district there was desperate fighting yesterday on the River Jassia, southwest of Kovno."

"On the Narw front near the Rojany (Rozan) bridgehead, desperate engagements occurred. Near the villages of Mrochka and Kavka, in the course of a counter-attack, the Cossacks fell upon and sabred a German company."

"On the left of the Vistula, our troops occupied the Blonie-Nadaryn front and the outlying defenses of Ivanogrod."

"The battle between the Vistula and the Bug yesterday again assumed a very desperate character. The enemy is concentrating his principal efforts in the direction of Baljitz, Travnik, Volisavitz and Groubechoff, several villages on the heights changing hands again and again."

"On the Bug, there has been fierce fighting from Krylow to Dobrotow. On an extended front above Sokol, we cleared the right bank of the Bug of the enemy and took about 1,500 prisoners in the village of Potouritzje."

## GERMANS ARE LIABLE

If They Work in Factories Making Am-  
munition for Allies.

Berlin, via London, July 23.—A Y. N. Y. 25.—An official declaration issued here calling attention to the fact that Germans working in factories in neutral countries, particularly in the United States producing supplies for the enemy render themselves liable to prosecution for treason, under paragraph 89 of the penal code, penalizing such action to a minimum of ten years imprisonment.

## FIRED BY SUBMARINE.

But Two Timber-laden Barks Reached  
Port.

London, July 23.—The Swedish bark, Capella, and the Norwegian bark Nordlyst, both timber laden and bound for England, have been set on fire in the North sea by German submarines. The crew of the Capella was landed at Hull, and that of the Nordlyst at Fredericks-baven.

## YEGGS GOT \$800.

It Is Believed They Traveled by Auto,  
as Truck Was Seen.

Portsmouth, N. H., July 23.—After avoiding this section for some time professional yeggmen have again become active here and early yesterday morning the safe at the postoffice in the nearby town of South Eliot was blown and about \$800 in money and stamps stolen.

The safe was blown with nitroglycerine and although there are a number of houses near the postoffice, Mrs. Sewell Brooks, who lives nearby, was the only one who heard the explosion. Mrs. Brooks stated that she heard a muffled explosion shortly after 1 o'clock, but did not think it was anything serious. The yeggs gained entrance by jimmying a window. They used an axe in knocking off the combination handle and after making a cup for the explosive with soap, set off the fuse. The outer shell of the heavy door remained on the hinges but the cement-filled steel casing was blown to pieces.

Over \$800 in stamps, \$90 in money or order money, \$91 in postal fund money and \$123 belonging to T. F. Staples, proprietor of the store in which the postoffice was located, were taken as well as Atlantic Shore railway tickets to the value of \$15. The tracks of an automobile were discovered in the rear of the store and it is thought that the yeggs used a machine.

H. L. Staples, who has been postmaster for the past 25 years, having succeeded his father, T. F. Staples, discovered the robbery when he opened the office at 6 o'clock yesterday morning. He notified Deputy Sheriff Leach of Eliot, who in turn notified Sheriff Erwin and a thorough investigation is being made. The yeggs left the axe used in breaking off the combination wheel, and this is all that the officials have to work on at present.

## "NEXT PRESIDENT?" JOHNSON

Declared Roosevelt, Pointing to Califor-  
nia's Governor.

San Francisco, July 23.—Gov. Theodore Roosevelt announced yesterday that Gov. Hiram Johnson would be his candidate for the presidency in 1916. The announcement was made while the governor was taking in the sights at the exposition. The crowd following pressed closely about him and for the moment stayed in the front of the grounds. Finally an enthusiastic stepped from the crowd and exclaimed:

"Tell us, colonel, who is your choice for president next year?"

Roosevelt raised his hat and pointing to Gov. Johnson, who ran with him, said:

"Here is the man. Johnson is the next president."

In the colonel's party at the time were Mrs. Roosevelt, Gen. and Mrs. Johnson, Arthur Arden, Theodore Haden and John McCardell, the Roosevelt secretary.

CALLED UNFIT,  
QUITS POST

Sullivan Resigns as Ameri-  
can Minister to Domin-  
ican Republic

PRESIDENT ACCEPTS  
THE RESIGNATION

Investigation into Sullivan's  
Fitness Was Unfavor-  
able to Him

Washington, D. C., July 23.—James M. Sullivan, the American minister to the Dominican republic, has tendered his resignation to President Wilson and it has been accepted. Sullivan's resignation is in consequence of an investigation into the minister's fitness for the office, the findings of which were unfavorable to Sullivan.

## EXPECT ARREST SOON.

As Trainmen Report They Saw Girl's  
Body Thrown From Auto.

Buffalo, N. Y., July 23.—An arrest within 24 hours of an important witness and of a principal in the murder of Miss Louise Carroll was promised by the police last night. The evidence of railroad men who saw the unconscious form of the girl apparently thrown from a large touring car and abandoned was the principal basis for this prediction.

The railroad men were on a train that was stalled near the highway where the body was found. While they were examining it the automobile returned and the driver, who was alone, asked: "Is she badly hurt?" He then hurried away, refusing to take the woman to a hospital.

District Attorney Wesley C. Dudley took active charge of the case yesterday. He ordered the body removed from the train on which it had been shipped to Miss Carroll's former home at Reno, Pa. The body was taken from the car at Olean where a second autopsy was held last night. This, Mr. Dudley said by telephone, bore out the medical examiner's verdict that the woman had been killed by a blow on the head and the testimony of her friends that she had led a pure life.

## GRANTED 8-HOUR DAY.

Employees of E. W. Bliss & Co. of  
Brooklyn Start August 1.

New York, July 23.—Employees in the plant of E. W. Bliss & Co. in Brooklyn, which is engaged in the manufacture of war munitions, will on August 1 be given an eight-hour work day. It was announced here yesterday by James W. Lane, an officer of the company, following a conference with other officials. Wednesday an agent of the International Association of Machinists, which precipitated the strike in the arms and munitions factory in Bridgeport, Conn., declared that machinists in the Bliss factory would be called out unless a demand for the eight-hour day was granted.

The Bliss company has the contracts for the manufacture of the Whitehead torpedo used by the United States navy and men employed in this work already enjoy the eight-hour day provided by federal law for government employment.

## MUST GO TO PRISON.

John H. Grondin Was Convicted of an  
Attempt to Murder His Wife.

Portland, Me., July 23.—Exceptions in the case of John H. Grondin, a druggist of Waterville, convicted of attempting to murder his wife, Zella, were overruled by a decree filed in the law court yesterday, and a sheriff was dispatched to Waterville to arrest the man.

Grondin was convicted in the September term of superior court and sentenced to ten years in prison. The crime of which he was convicted was committed in this city in January, 1913, the woman having been found unconscious in her room with the gas turned on. Later the couple moved to Los Angeles, Calif., where Mrs. Grondin died under suspicious circumstances. The grand jury of that state investigated, but failed to indict.

## Arrest Grondin at Waterville.

Waterville, Me., July 23.—John H. Grondin, whose conviction on a charge of attempting to kill his wife was sustained by the law court, was taken to Portland last night by officers from that city.

## ANOTHER PRISON STABBING.

In Same Prison Where Leo M. Frank  
Was Attacked.

Millerville, Ga., July 23.—Another prisoner was stabbed yesterday by a fellow convict. Charles Miller, serving a term for burglary, was cut in the forehead by Frank Reid, serving a term for murder. He is not fatally hurt. The men had quarreled.

## ACCUSED AS COUNTERFEITERS.

Man and Girl Arrested at Lewiston, Me.,  
Last Evening.

Lewiston, Me., July 23.—Phillip Moul, 23, and Margaret Duggie, 14, both of Lewiston, were arrested by the police of this city last night in connection with the seizure of implements believed to have been used in the manufacture of counterfeit half dollars.

Moul, a quantity of plates of Paris, and a large number of boxes of wax were seized. The police took another man said to be implicated, United States Marshal Wilson of Auburn was notified last night and will assume charge of the case Friday.

## SUNDAY "LID" ON FOR MIDDLEBURY

All Stores to be Closed Except "Regular  
Meal" Places.

Middlebury, July 23.—The "open door" policy which has prevailed for many years as regards the operation of stores on Sundays is to undergo a radical change and an ultimatum issued by the village trustees becomes effective on July 25.

Merchants were treated to a surprise yesterday when they received through the mail notification from the trustees that all places of business must be kept closed on Sundays with the exception of eating houses where regular meals are served.

Food merchants, who have a regular feeding schedule, will be permitted to open their establishments from 7 to 10 o'clock in the morning, from 12 to 2 o'clock in the afternoon and from 5 to 7 o'clock in the evening.

The chief of police is directed to arrest all persons who violate the Sunday closing mandate which bears the signature of the village clerk, James M. Burke, and the acting village attorney, Charles I. Button.

There is considerable speculation as to just how tight the lid is to be held down as regards Sunday opening as opinion differs in regard to the necessity for such a drastic order as has been issued by the trustees.

## JUMPED INTO WATER TO ESCAPE.

But Came Out When the Officer Discov-  
ered Him.

St. Albans, July 23.—Deputy Sheriff L. P. Martin had an unusual experience yesterday when he went to Swanton to get Dewey Lampman, the 16-year-old son of Mr. and Mrs. John Lampman, to take to the state industrial school.

Mr. Martin went to the Lampman home and no sooner had he told the boy what he was there for than the boy jumped through a window, ran swiftly to the river and jumped in. A yacht was anchored some distance out and young Lampman waded out and hid himself behind the boat. The water was so deep that it took after a short time he found he would be unable to keep his head above so he began wading toward the shore, saying he would come to land if Mr. Martin would not touch him. Watching his chance, when Lampman was about ten feet from shore, Mr. Martin jumped in and got him, but he was obliged to tie the boy into the automobile to bring him to this city. He will be taken to Vergennes.

The boy was a truant from school and his parents had entered a complaint saying that he was incorrigible and they wanted him placed under restraint.

## IN HURRY TO SEE GAME.

St. Johnsbury Boy Jumped Off Raft and  
Was Drowned.

St. Johnsbury, July 23.—Raymond E. Roy, 12-year-old son of Charles I. Roy, was drowned in the Passumpsic river at the campus where St. Johnsbury and Littleton were playing ball yesterday. Several boys were playing on an anchored raft, and Roy being in a hurry to get to the game jumped. He could swim but little and soon sank in eight feet of water. Merle Ashton, 13, attempted to rescue him and was nearly dragged under by the struggles of the drowning lad.

The body was recovered in a little while but Dr. John P. Tierney pronounced him dead. He was a student at Sacred Heart convent at Newport. He leaves two brothers, Ronald and Oscar J. Roy. The funeral will be held Saturday morning.

## EXPERT SWIMMER DROWNED.

Probably Struck Rock in Diving or Was  
Seized with Cramp.

Millinocket, Me., July 23.—Don Leo Gilbois, aged 23, single, employed as a back tender in the Great Northern Paper mill here, was drowned yesterday while swimming in the river near the mill.

He was an expert swimmer and it is supposed that he struck a rock while diving or was taken with cramps. His friends for help brought William Kane and Michael Jenek, who made desperate efforts to save him and nearly succeeded, but their hold was broken by the strong current. The body was soon recovered but efforts for hours by Dr. C. F. Bryant and others failed to bring him to consciousness.

His parents and three sisters survive.

## WEDGED BETWEEN LOGS.

Body of Drowned Boy Was Found in  
Connecticut River.

Hanover, N. H., July 23.—The body of Clarence York, 18 years old, who was drowned in the Connecticut river about a mile north of this village Sunday, was found yesterday floating in the river by a log driver. The body was wedged between logs which are being floated down the river.

The body will be sent to the young man's home in Plainfield, Conn. He was employed on the farm of Rich brothers and had recently come here to work during the summer season.

## BODIES FLOATING IN RIVER.

Brothers Perhaps Were Thrown While  
Riding on Freight Train.

Boston, July 23.—The bodies of Daniel D. and Charles H. Bowley, youthful sons of Edward B. Bowley, a shoe-maker of Lowell, were found yesterday floating in the Merrimack river, in the Back Bay district, not far from where the Boston & Albany railroad tracks cross the stream. It is believed that they were riding on a freight train and were thrown or fell into the river.

## BRATTLEBORO STATION.

Contract Awarded to Mendon, Conn.,  
Firm and Work to Be Started Soon

St. Albans, July 23.—President E. C. Smith of the Central Vermont Railway Co. announced to-day that the contract for the new station at Brattleboro has been awarded to the H. W. Allen Co. of Mendon, Conn. and that the construction will be started within a few days.

FEEL NO NEED  
FOR TROOPS

Bayonne, N. J., Authorities  
Think the Situation Is  
Well in Hand

COMPARATIVE CALM  
REIGNED TO-DAY

Firing of Guns During the  
Night Laid to False  
Alarms

New York, July 23.—Comparative quiet prevailed at Bayonne, N. J., to-day around the plants of the Standard Oil company and the Tidewater Oil company, which caused because of the strike at the former plant. Desultory firing occurred during the night, but the police said this was chiefly due to some false alarm among the guards. The officials believed the situation to be well in hand and that there would be no need for troops.

All the saloons in Bayonne were ordered closed to-day by Mayor Garvin. To-day was pay day at the oil plants and also one of the three victims of earlier rioting was to be buried this afternoon; but the police did not anticipate any great trouble.

AGREEMENT SIGNED  
AT BRIDGEPORT

Announcement Made on Arrival of Sam-  
uel Gompers and Other  
Union Officials.

Bridgeport, Conn., July 23.—With the arrival here to-day of Samuel Gompers, president of the American Federation of Labor, and a number of the executives of international unions, it was announced that the written agreement, by which an amicable settlement of the labor troubles in Bridgeport is expected to be secured, had been signed.

Bridgeport, Conn., July 23.—J. J. Keppeler, vice-president of the International Association of Machinists, announced last night that an amicable settlement of all labor troubles in Bridgeport, where thousands of men, women and girls are engaged night and day in the manufacture of munitions of war for the use of Great Britain and her allies, was about to be made. His announcement carried with it the assurance that unless the plans miscarried every person now on strike would be back at work on Monday morning.

An official of the Remington company having more authority than Major W. G. Penfield, works manager, was said to have promised to place in writing provisions for an eight-hour day, stable wages and future employment.

The announcement caused labor men to proclaim a victory, which they said, would be the first in the campaign to secure the eight-hour working day throughout New England.

More or less mystery surrounded the agreement the labor men said they were on the verge of securing. Mr. Keppeler suddenly left Bridgeport Wednesday for New York. Yesterday morning he telephoned John Johnston, international vice-president of the Structural Iron Workers that he was about to return.

Yesterday afternoon Mr. Keppeler came back to town and conferred with his associates. Last night, in reply to verbal statements:

"I believe all the people on strike will be back to work Monday. By Sunday I expect we may be able to give more definite information about settlement. I can say that wages, hours and future employment will be well provided for and that the agreement will be in writing. I cannot and will not divulge at this time the name of the man I talked to."

"It is enough to say that he is above Major Penfield in authority. We went over the major's head. Had he seen us in the first place the whole trouble would have been averted."

"The Stewart Construction Co. and the Remington company are getting together. When this first trouble started one company said to the other, and the other referred us back to the first one. As for the sub-contractors, we believe they will get in line. If we have trouble in their shops the shops will be dealt with individually. We are going to get an eight-hour day for Bridgeport. We are determined to do that. And we also will make all New England get under an eight-hour scale."

"I believe the negotiations will be entirely successful unless Samuel Gompers complicates things when he comes to town to-morrow."

"The proposition will be put up to the machinists themselves to-morrow. Then it will be put up to the Stewart Construction Co. and the Remington Construction Manufacturing Co. Everything will have to be ratified."

## AMERICAN NOTE DELIVERED.

Reached Berlin During Night and Was  
Sent to Foreign Office To-day.

Berlin, via London, July 23, 2:30 p. m.—The new American note to Germany reached here during the night and was delivered to the foreign office by Ambassador Gerard at 1:12 this afternoon.

Fred Sauter, whose brother is in Berlin, was positive he recognized his likeness in a group picture of wounded soldiers, which was given recently in Lowell's magazine, to be sent to a meat market in Montreal and has been in Canada for a number of years. There was a slight resemblance between Sauter and the photograph, which accounts for his brother's mistake.

Mrs. N. E. Arnold of Calais is expected to-morrow with a great train. She now has a herd of five goats, two of them named, two Canadian made kids and a ewe which is said to have occurred in the vicinity are being investigated by the police.

## JUDGE'S LEG BROKEN.

F. G. Swinnerton of Rutland Was Climbing  
On a Bench.

Rutland, July 23.—City Judge F. G. Swinnerton, fell from a chair on a bench in the barn in the rear of his home on North Main street last night at six o'clock, breaking his leg just above the ankle, both bones being fractured and protruding through the flesh. When found Judge Swinnerton was suffering great agony.

In an attempt to hang something to a hook in the upper part of the first floor he placed a chair on a work bench. One of the chair legs fell through a space between the boards and the court official was suddenly precipitated to the floor, a distance of about seven feet.

There was no one about at the time and the first known was when a maid employed in the kitchen heard someone moaning in the rear part of the premises. At first she thought it was some children, but an investigation discovered Judge Swinnerton on the floor.

The Stearns ambulance was summoned and the judge was rushed to the Rutland hospital, where he was attended by Dr. E. M. Pond, S. W. Hammond and C. A. Gale.

The fracture which is of both the large and small bones is located in the left leg, three or four inches above the ankle.

CATTLE ARE DYING  
OF STRANGE DISEASE

Cattle Commissioner F. L. Davis Goes to  
Berkshire to Investigate Deaths  
of Valuable Holsteins.

Berkshire, July 23.—State Cattle Commissioner F. L. Davis of White River Junction and Dr. J. C. Parker of St. Albans were summoned here to-day to investigate the trouble with the registered Holstein herd of Linus Leavens of Cambridge on his farm here. The third cow of the herd to be taken with some strange disease died last night, and the bull of the herd is now in the first stages of the disease. The cow which died last night was valued at \$400.

It seems that once the cattle are taken with the disease there is no help for them. The veterinarians had believed that the cattle had eaten some vegetable poison, but the report from the state laboratory at Burlington, where the digestive organs and other parts were sent for analysis, asserts that nothing injurious was found. The pastures where the cows were kept have been searched by expert botanists for poisonous weeds, but nothing was found except ground hemlock and a few mushrooms. These, however, had not been touched by the cattle. Since Sunday, the stock have been kept in the barn. Mr. Leavens, the owner, came from Cambridge last night, bringing Dr. Scott of Johnson to assist Dr. W. P. Sawyer in caring for the stock.

Joseph Playful, farmer residing in the vicinity, has a second cow which has become affected by the strange disease. He lost one cow from the same trouble a few days ago.

## SPANISH VETERANS' REUNION

Held at Lake Bomoseen with 75 in At-  
tendance.

Rutland, July 23.—Seventy-five members of the department of Vermont, United Spanish war veterans, attended the annual convention and clam bake at Lake Bomoseen yesterday.

The following officers were elected: Department commander, Captain E. N. Miller of Brandon, senior vice commander, E. R. Hyde of Salisbury; junior vice commander, E. H. Holden of Bennington; inspector, Charles Basher of Burlington; surgeon, Dr. T. J. Hagan of Pittsford; judge advocate, J. C. Henkel of Brattleboro; chaplain, G. W. Grandy of Burlington; marshal, Arthur L. Steven of St. Johnsbury.

The appointive officers will be made by the new commander and these include the chief of staff, adjutant, quartermaster, historian and patriotic instructor.

## Playground Notes.

The pieces of apparatus that were broken at North Barre last year have been taken to the foundry for repairs. They will be back in place to-morrow.

All boys who had tickets to sell for the ball game will settle up before to-night.

Captains of the ball teams met at Mr. Kabeon's home at 6:30 to-night. Bring list of any baseball material in your care, also names of all players on your team.

Yesterday afternoon on Rangers' field, No. 2 of Berlin street won from No. 3, Lincoln, by the score of 9 to 8. A new battery appeared for No. 2: Jake Molla, E. R. Rignini. The battery for the losers was W. Bianchi, P. T. Starr, P. H. Alexander, P. L. Tomasi, E. H. Starr, E. H. Starr.

The standing of teams in the playground league is now as follows:

	Wm. Lost, Pct.
No. 2	2 1 .667
No. 4	2 1 .667
No. 1	2 2 .500
No. 3	1 3 .250

## TALK OF THE TOWN

Peter Monti was arraigned before Acting Judge A. A. Sargent in city court this forenoon on a breach of the peace charge to which he entered a plea of not guilty. In the absence of State's Attorney F. E. Gleason, to whom a complaint against Monti was made, no definite date was fixed for the hearing, although it is presumed that the defendant will be given a trial next week.

On the state's attorney's warrant, Monti was taken in custody this forenoon by Chief Samuel Sinclair. Early this afternoon it was stated that the man expected to secure his release by furnishing the \$50 bail asked by the court.

Charges against Monti specified an alleged assault on one Frank DeFuge at South Barre, July 20. Details of the case which is said to have occurred in that vicinity are being investigated by the police.

AGAIN COMING  
TO CORNISH

President Wilson Will Leave  
Washington During the  
Next 24 Hours

LENGTH OF HIS STAY  
IS INDEFINITE

Secretary Lansing Comes to  
Manchester, N. H., to  
See Gen. G. A. Smith

Washington, D. C., July 23.—President Wilson plans to leave Washington for another visit to Cornish, N. H., within the next 24 hours. The length of his stay will depend largely upon developments.

During his absence the president will consider the next step in the Mexican situation and a new note to Great Britain, regarding her interference with the commerce of neutrals.

Secretary Lansing will go to Manchester, Mass., to-night to visit Colonel E. M. House, the president's friend.

## DIED AT WILLIAMSTOWN.

Mrs. John Jackson Suffered Cerebral  
Hemorrhage Last Saturday.

Following a cerebral hemorrhage which she suffered at the Central Vermont station in Williamstown last Saturday, Mrs. John Jackson of Mill village in that town passed away at her home Thursday afternoon at 5:30 o'clock. Mrs. Jackson had been making frequent trips to Montpelier for electrical treatment, and it was when she was on the point of taking a train for the capital that she was taken critically ill. She was removed to her home at once, but from the first it was seen that recovery was doubtful.

Besides her husband, the deceased leaves her father, Jed. Laplant of Malone, N. Y., and two sisters, Mrs. Nettie Modick and Mrs. Amos Bean, also of Malone. Mrs. Jackson's maiden name was Lina Laplant, and she
